

CONTENTS

Facilities for Testing Polymers. By K. A. Kaufmann and J. H. Myers.	1
Influence on Properties of Specimen Shape and Preparation. By Lester A. Cohen.	15
Special Tests for Temperature Effects on Physical Properties and Dimensions. By P. I. Roth and P. Mahmoodi.	51
Introduction to Surface Property Testing. By L. Boor.	101
Indentation Hardness Testing. By Daniel I. Livingston.	111
Wear Testing. By F. M. Gavan.	139
Rubbing-Contact Evaluation of Polymers. By R. B. Lewis.	203
Wear Properties of Plastics as Ships Bearings. By W. V. Smith.	221
Cavitation Erosion Resistance. By C. K. Chatten and A. Thiruvengadam.	245
Surface Properties of Plastics for Sound Recording. By Abraham M. Max	265
Selected References on Sources of Standards and Tests for Polymers. By John V. Schmitz and W. E. Brown.	297
Appendix I.	341
Appendix II.	347
Errata for Volumes 1 and 2.	349
Author Index.	351
Subject Index.	357
Cumulative Index, Volumes 1-3.	371
