

CONTENTS

The Spectrum of Silicone Application	1
Fluorosilicones	7
Developments and Trends in Silicone Elastomers	17
Making and Using Flexible Silicone Rubber Molds for Plastic Furniture Parts	29
Construction Applications of Silicone RTV Elastomers	47
Silicone Encapsulants and Potting Compounds for Electrical and Electronic Uses	51
Developments and Trends in Silicone Fluids	61
Silicone Surfactants for Urethane Foams: Mechanism, Performance, and Application	71
Silane Coupling Agents in Reinforced Plastics	95
Silicone Coupling Agents and Primers for Thermosets, Thermoplasts, and Elastomers	107
Reinforced Silicone Resins	121
Silicone Resin Based Coatings for Industrial Finishes	141
