

CONTENTS

1. Instrumental methods	1
2. Qualitative analysis	80
3. Vinyl resins	143
4. Polyesters and ester polymers	215
5. Nylon and related polymers	289
6. Polyolefin and hydrocarbon polymers and compositions	326
7. Fluorocarbon polymers and polymer emulsions	402
8. Rubber-like resins	423
9. Thermosetting resins	464
10. Natural, cellulose, epoxy, polyether and silicone resins	514
11. Plasticisers, fillers and solvents	551
Infra-red spectra	605
Indexes	721
