

CONTENTS

PART I: GENERAL INTRODUCTION

1	Historical Overview Industrial Polymers	13
2	Basic Polymer Principles	17
3	Raw Materials for the Polymer Industry	22
4	Production of Industrial Polymers	27
5	Processing of Industrial Polymers	30
6	Recycling of Industrial Polymers	35

PART II: ADDITION POLYMERS

7	Polyolefins	41
8	Olefin Copolymers	68
9	Alloys and Blends	80
10	Acrylics	88
11	Polyvinyl Compounds	95
12	Polyurethanes	100
13	Ether Polymers	109

PART III: CONDENSATION POLYMERS

14	Polyesters	119
15	Polyamides	131
16	Formaldehyde Resins	141

PART IV: SPECIAL POLYMERS

17	Heat-Resistant Polymers	149
18	Silicone and Other Inorganic Polymers	157
19	Functional Polymers	162

Appendix

Guide to Further Reading	176
Major World Producers of High Volume Industrial Polymers	179
