

## CONTENTS

Introduction	v
Acknowledgements	ix
1 Structure and properties of polymers	1
2 Polyolefin films	29
3 Substituted olefins	58
4 Polyethers	83
5 Saturated polyesters and polyamides	108
6 Materials and mechanisms	123
7 Selection of films for packaging uses	146
8 Selection of films for non-packaging uses	166
9 Costs and benefits of packaging	184
Index	209
