

CONTENTS

1. Plastics Materials	1
2. Molding Processes	39
3. Mold Design and Processing	89
4. Mold Design for Part Requirements	119
5. Molded Holes and Undercuts	163
6. Design of Threads	187
7. Inserts	203
8. Fastening and Joining Plastics	239
9. Decorating Plastics	287
10. Extrusion Design and Processing	319
11. Reinforced Plastics and Composites	345
12. Tests and Identification of Plastics	393
Glossary	441
References	455
Company Trade Names Used in the Plastics Industry	457
Appendix Tables	462
Index	466
