

CONTENTS

Introduction	1
Chapter I Raw Materials and Manufacture	4
Chapter II Plastics in the Electrical Industry	16
Chapter III Plastics in Building and Architecture	20
Chapter IV Plastics in the Paint Industry	30
Chapter V Glues and Adhesives	40
Chapter VI Plastics in the Textile Industry	45
Chapter VII The Influence of Plastics on the Rubber Industry	51
Chapter VIII Plastics in the Motorcycle and Motorcar Industries	60
Chapter IX Plastics in the Aircraft Industry	70
Chapter X Plastics in the Engineering Industry and in the Transport Industry	80
Chapter XI The Application of Plastics to the Chemical Industry	83
Chapter XII Plastics in Surgery and Medicine	90
Chapter XIII The Application of Plastic Materials to Art	96
Chapter XIV Summary and Conclusion	99
