

CONTENTS

TRANSLATION EDITOR'S FOREWORD	vii
PREFACE	ix
CHAPTER I - SYNTHETIC MATERIALS AND THE TELOMERIZATION REACTION	1
Macromolecular compounds	3
Polymers and monomers	5
Di-functional compounds	8
Polymerization	12
Telomerization	17
CHAPTER II - THE TECHNOLOGY OF TELOMERIZATION	23
The control of a vigorous reaction	27
Some theory	37
Temperature and time	39
On the separation of telomers	44
CHAPTER III - THE CONVERSION OF TELOMERS	47
CHAPTER IV - THE ENANTH FIBRE	55
The production of the fibre	60
Fibre-forming polymers	67
The strength of fibres	71
Properties of the enanth fibre	77
Order and disorder	82
CHAPTER V - OTHER MATERIALS	89
Plastics and plasticizers	90
Fibres	92
Perfumes	97
CONCLUSION	101
REFERENCES	102
