

CONTENTS

1. Introduction	1
2. Saturated Carbon Chains	14
3. Unsaturated Carbon Chains	80
4. Thermoplastic Elastomers	110
5. Fluoropolymers	153
6. Polyethers and Related Polymers	171
7. Polyesters and Polyanhydrides	202
8. Sulfur Containing Polymers	244
9. Polyamide Plastics	257
10. Aramide Fibers	290
11. Polyimides	310
12. Other Heterocyclic Polymers	364
13. Polyurethanes and other Polymers Based on Isocyanates	397
14. Electrically Conductive Polymers	430
15. Silicone Containing Polymers	448
16. Biopolymers and Derivatives of Natural Products	460
17. Epilogue	475
Appendices	483
Subject Index	499
