

## CONTENTS

	Page
Chapter 1	
Hydrometallurgy – An Introductory Appraisal	1
I Introduction	1
II Hydrometallurgical Processes	2
III Physicochemical Principles of Hydrometallurgical Processes	4
IV Unit Processes in Hydrometallurgy	35
V Summary	52
References	56
Chapter 2	
Leaching with Acids	57
I General	57
II Sulfuric Acid Leaching	59
III Nitric Acid Leaching	98
IV Hydrochloric Acid Leaching	110
References	121
Chapter 3	
Leaching with Alkalies	127
I General	127
II Caustic Soda Leaching	129
III Soda Ash Leaching	136
IV Ammonia Leaching	142
References	164
Chapter 4	
Leaching with Ferric and Cupric Ions	167
I General	167
II Ferric Sulfate Leaching	171
III Ferric Chloride Leaching	185
IV Cupric Chloride Leaching	205
References	214
Index	221
