

## CONTENTS

	Page
1. Primary Precious Metals	1
2. Chemistry	28
3. Testing, Identification, and Familiarization	43
4. Recovering and Refining Values from Secondary Sources	99
5. The Platinum Sisters	139
6. Electrochemical Principles	151
7. Electrorefining	161
8. Collectors and Separators	174
9. Wet Chemical Master Plan	187
10. Various Systems	221
11. Black Sands	246
12. Fire Assaying	270
Appendix A : Assay of Black Sands by Paul Hopkins	300
Appendix B : Natural Chemical Elements	304
Appendix C : Some Metallic Salts and Their Contents	307
Glossary	309
Index	324
