Introduction	1
PART ONE LEACHING	
1 General Principles	7
2 Leaching of Metals	23
3 Leaching of Oxides	57
4 Leaching of Sulfides	97
5 Leaching of Selenides and Tellurides	139
6 Leaching of Arsenides	145
7 Leaching of Phosphates	151
8 Leaching of Silicates	157
9 Miscellaneous	167
PART TWO TREATMENT OF LEACH SOLUTIONS	
10 Crystallization	177
11 Adsorption	183
12 Ionic Precipitation	197
13 Precipitation by Metals	227
14 Precipitation by Grases	247
15 Ion Flotation and Precipitate Flotation	285
16 Ion Exchange	289
17 Solvent Extraction	331
Subject Index	431
