PREFACE	1
INTRODUCTION	2
CHAPTER I. The physico-chemical conditions in the formation of diffuse coatings	7
CHAPTER II. Methods of formation of diffuse coatings	12
§ 1. Formation of diffuse coatings in molten media	12
§ 2. Formation of diffuse coatings in a gaseous reducing atmosphere	13
§ 3. Formation of diffuse coatings with the application of a mixture with the addition of ammonium chloride	17
§ 4. Formation of diffuse coatings in an atmosphere of gaseous chlorine	18
§ 5. Formation of diffuse coatings in vacuum	21
§ 6. The hydrogen-vacuum method of diffuse coating	29
CHAPTER III. Determination of the diffusion coefficients of chromium in iron by spectroscopic methods and by radio- active tracer techniques	31
CHAPTER IV. The roentgenographical and electronographical analysis of diffuse coatings	39
§ 1. Introduction	39
§ 2. The results of roentgenographic investigation of chromium coatings on iron	43
§ 3. Results of electronographic investigation of chromium coatings on iron	46
§ 4. Results of investigations of other coatings on iron	51
CHAPTER V. Diffuse coatings formed by metals of the first group of the periodic elements	56
§ 1. Copper diffuse coating	57
§ 2. Gold diffuse coating	62
CHAPTER VI. Diffuse coatings formed by the metals of the second group of the periodic system	66
§ 1. Zinc diffuse coating	66
§ 2. Diffuse saturation of iron with beryllium	75
CHAPTER VII. Diffuse coatings formed by elements of the third group of the periodic system	80
§ 1. Boron diffuse coating	81
§ 2. Diffuse saturation of steel with aluminum	89
CHAPTER VIII. Diffuse coatings formed by elements of the fourth group of the periodic system	94
§ 1. Silicon diffuse coating	95
§ 2. Titanium diffuse coating	104
CHAPTER IX. Diffuse coatings formed by the elements of the fifth group of the periodic system	110
§ 1. Diffuse saturation of iron with vanadium	111
§ 2. Diffuse saturation of iron with columbium	115
§ 3. Diffuse saturation of iron with tantalum	118
§ 4. Diffuse saturation of iron with arsenic	122
CHAPTER X. Diffuse coatings formed by metals of the sixth group of the periodic system	127
§ 1. Chromium diffuse coating	127
§ 2. Molybdenum diffuse coating	143

	Page
§ 3. Tungsten diffuse coating	147
CHAPTER XI. Diffuse coating by metals of the seventh group of the periodic system	151
§ 1. Saturation of iron with manganese by diffusion	152
CONCLUSION	156
BIBLIOGRAPHY	157
