	Page
ITEM 6	<u>SUPPLY, CONSUMPTION, TRADE AND DEMAND TRENDS</u>
6.1	Economic aspects of the plywood and composition board industries in the United States
6.2	Hardwood plywood imports into the United States
6.3	Evolution des prix des panneaux de particules compte tenu des symptomes de surocapacite existants Particle board price trend considering evidence of overcapacity
6.4	Evolution des prix des panneaux de fibres Price developments for fibreboard
6.5	Notes sur les previsions demandees concernant contreplaques, panneaux fibres et particules Notes on demand projections for plywood, fibreboard and particle board
ITEM 7	<u>RESEARCH AND DEVELOPMENT NEEDS</u>
7.1	Research needs – insulation and hardboard manufacture and uses
7.2	Testing and evaluation of plywood
7.3	Product development – the key to expanding markets for wood-based panel products
7.4	Research needs in the properties and uses of plywood
7.5	Research on processing equipment for manufacturing wood-based panel products
7.6	Research needs – processing and equipment for plywood
