INTRODUCTION	1
I PRODUCT DESCRIPTION NOMENCLATURE AND DEFINITIONS	4
General	4
Description of Products in the Fibreboard Field	4
Description of Products in the Particle Board Field	6
Description of Allied Products not covered in the Scope of the Consultation	8
Nomenclature and Definitions	8
Selected References	11
II WORLD PRODUCTION, CONSUMPTION AND TRADE	16
General	16
Fibreboard	16
Particle Board	26
Future Outlook	31
Selected References	32
III RAW MATERIALS	33
General	33
Wood Raw Materials	33
Conditions and Forms Required of Wood for Board Manufacture	37
Procurement, Transport, Handleability	39
Integrated Operations, Utilization and Forest Management	40
Non-wood Fibrous Raw Materials	42
Additives for Board Manufacture	44
Water	46
Selected References	46
IV PROCESSES AND EQUIPMENT	49
FIBREBOARD	49
General	49
Pulp Preparation	50
Insulation Board	55
Hardboard	59
Combined Insulation Board and Hardboard Operation	63
Operating Data	64
PARTICLE BOARD	65
General	66
Particle Preparation	66
Classification	69
Conveying	70
Drying	70
Resins	71
Resin Blending	71
Formation	72
Pressing	73
Extrusion – Formation and Pressing	73
Conditioning	73
Trimming	74
Additional Manufacturing Operations	74

	Operating Data	74
	Selected Reference	76
V	ECONOMIC ASPECTS OF PRODUCTION AND MARKETING	78
	General	78
	Investment Costs	79
	Production Costs	88
	Some criteria for evaluating board projects	98
	Integration, combined operations, integral utilization	100
	Distribution and Marketing Problems	102
	Planning a New Mill	105
	Selected References	110
VI	PROPERTIES APPLICATIONS AND USES	111
	General	111
	Insulation Board	112
	Hardboard	116
	Particle Board	119
	Selected References	123
VII	RESEARCH NEEDS	125
	General	125
	Raw Materials	125
	Processing Equipment and Manufacture	126
	Properties, Applications and Uses	127
	Market Research	129
	Priority Considerations	129
	Selected References	130
	APPENDICES	131
	1. A Survey of Testing Methods for Fibreboards	133
	2. World List of Mills	144
	Part I Fibreboard (Insulation board and hardboard)	145
	Part II Particle Board	155
	3. Trade Associations	168
	4. Cork and Corkboard Products	172
	5. Background Papers contributed to the Consultation	178
	6. Conversion Factors and Equivalents	179
