

CONTENTS

1. History	1
2. The acrylic fiber industry today	11
3. Polymerization	37
4. Wet – spinning technology	69
5. Dry – spinning technology	105
6. product variants	167
7. Acrylic polymer characterization in the solid state and in solution	197
8. Thermal and actinic degradation	259
9. Dyeing processes	285
10. Apparel end uses	313
11. Home furnishings and industrial applications	341
Index	371
