

CONTENTS

1. Introduction	1
2. The production of side – by – side bicomponent fibres	5
3. The production of sheath – core fibres	20
4. Self – crimping bicomponent fibres	29
5. Nature of the two components in non – elastomeric self – crimping bicomponent fibres	43
6. Self – crimping bicomponent fibres composed of elastomeric and “ hard “ components	53
7. Uses for bicomponent fibres other than as self – crimping fibres	55
8. Biconstituent fibres	58
Appendix 1. Commercially – available bicomponent fibres	61
Appendix 2. British patents on bicomponent and biconstituent fibres	64
Index	69
