

CONTENTS

Chapter 1. History development	1
Chapter 2. Asbestos mineralogy	7
Chapter 3. Physical and chemical properties of asbestos fibres	23
Chapter 4. Mining	64
Extraction of fibre from the rock	69
Chapter 5. Opening of asbestos fibres	85
Chapter 6. Blending	95
Asbestos natural and synthetic fibre blends	101
Chapter 7. Carding	106
Setting	115
Card grinding	117
Faults in carding	118
Modern asbestos cards	120
Chapter 8. Spinning	
Conventional methods	130
Novel methods	134
Chapter 9. Conversion of the yarn into fabrics	146
Chapter 10. Asbestos textiles	169
Chapter 11. Brake linings	197
Chapter 12. Asbestos – cement products	216
Chapter 13. Asbestos in the plastics industry	230
Chapter 14. Other industrial uses	272
Chapter 15. Heat – resistant silicate fibres	294
Heat – resistant synthetic fibres	313
Chapter 16. Testing methods	326
Chapter 17. Statistics – directories	362
Index	393
Patent index	399
