

CONTENTS

Introductory consideration	3
1. Fiber classification	5
2. Chemical composition of fibers	12
3. Cotton fiber	24
4. Flax	54
5. Other vegetable fibers	62
6. Wool and hair	69
7. Other hair fibers	96-98
8. Silk	99
9. Reclaimed and extracted animal fibers	115
10. Natural mineral fibers	120
11. Manufactured organic fibers (Rayons)	122
12. Methods of fiber identification and quantitative	156
13. Size of yarns (Counts)	185
Appendix I Specific gravity and tables	189
Appendix II	195
Appendix III Action of light on fibers	197
Appendix IV	198
Appendix V	199
Appendix VI	201
