

## CONTENTS

1. Introduction to Polymer Science	1
2. The Compounding and Vulcanization of Rubber	20
3. Fillers Part I: Carbon Black	59
Part II: Nonblack Fillers	86
4. Processing Testing of Vulcanization Tests	105
5. Physical Testing of Vulcanizates	134
6. Natural Rubber	179
7. Styrene-Butadiene Rubbers	209
8. Polybutadiene and Polyisoprene Rubbers	235
9. Ethylene-Propylene Rubber	260
10. Butyl and Halobuty Rubbers	284
11. Nitrile and Polyacrylic Rubbers	322
12. Neoprene and Hypalon Part I: Neoprene	339
Part II: Hypalon	360
13. Silicone Rubber	375
14. Fluorocarbon Elastomers	410
15. Polyurethane Elastomers	438
16. Thermoplastic Elastomers	465
17. Miscellaneous Elastomers	482
18. Reclaimed Rubber	505
19. Latex and Foam Rubber	518
20. Rubber-Related Polymers	
Part I: Poly (vinyl chloride)	561
Part II: Polyethylene	583
Appendix. Rubber Information Resources	615
Index	631
