Thermoplastic Elastomers market Development – the U.S. vs Western Europe	1
Where is the Threat? Or is it Perhaps an Opportunity?	9
The Processing of Thermoplastic Elastomers by Extrusion	13
Injection Moulding or Processing Thermoplastic Elastomers	21
Extrusion Blow Moulding of Bellows and Axle Colars made from Thermoplastic	31
Designing n with Thermoplastic Elastomers	39
TPE’s Driving the Automotive Market	45
Thermoplastic Elastomers in Electronic Wiring	49
Speciality TPE’s for use in the Cable Industry	53
General Mechanical Goods from TPE’s	57
Applications of Thermoplastic Elastomers in Hydraulic Seals	61
TPE’s in Coated Fabrics	69
Wire and Cable Uses of TPE’s	71
Applications of Thermoplastic Elastomers in Footwear Solings	77
Thermoplastic Polyurethane Elastomers as Hydraulic Hose Jacketing Material	81
Extruded TPE’s for Electrical Conduits	87
The Medical Market – A Challenge for User & Supplier	91
