

CONTENTS

| | |
|---|--------|
| Information on Latices | 2-5 |
| Classification and Function of Compounding Materials | 6-8 |
| Latex Compounding Principles and Operations | 9-12 |
| Meulsions | 13-14 |
| Vanderbilt Materials for Latex Compounding Agerite Antioxidants | 15-24 |
| Accelerations | 25-40 |
| Special Dispersions for Cationic and Nonionic Compounding | 41 |
| Darvan Dispersing Agents | 42-43 |
| Reodorants | 43 |
| Miscellaneous Dispersions | 44 |
| Carbon Blacks and Plasticizer | 45 |
| Latex Compounding and Tsting | 46-56 |
| Basic Latex Compound Design | 57 |
| Laboratory Compounding Studies | 58-94 |
| Commercial Processes and Compoundes | 95-117 |
