PREFACE	v
INTERNATIONAL RUBBER TECHNOLOGY CONFERENCE 1988 ORGANISING COMMITTEE	xi
OPENING SESSION	
Address of Welcome	xiii
Opening Address	xvii
Summing-Up Address	xxi
Closing Address	xxix
Guest Lectures:	
Recent Investigations into the Sulphur Prevulcanisation of Natural Rubber Latex <i>D.C. Blackley</i>	3
The Influence of Vulcanisate Structure on Physical Properties and Ageing Behaviour <i>M. Porter</i>	26
Technological Challenge of Truck Tyres <i>A.R. Williams</i>	47
Retreading – A Global Perspective <i>E.J. Witek</i>	58
SESSION 1. LATEX TECHNOLOGY	
Processability Testing of Natural Rubber Latex Concentrates <i>T.D. Pendle and A.D.T. Gorton</i>	73
Prevulcanised Natural Rubber Latex for Dipping <i>A.D.T. Gorton</i>	85
Development of Rubber Gloves by Radiation Vulcanisation <i>K. Makuuchi, F. Yoshii, I. Ishigaki, K. Thushima, M. Mogi and T. Saito</i>	104

	<i>Page</i>
Adsorption of Laurate Soap on Natural Rubber Latex Particles and Its Effect on Latex Properties <i>Lai Pin Fah and Chen Seong Fong</i>	110
Discussion	125
SESSION 2. PHYSICS AND CHEMISTRY	
The Role of Hydrophilic Materials in the Transport of Water in Rubbers <i>K. Muniandy and A.G. Thomas</i>	129
Tear Behaviour of Carbon Black-filled Rubbers <i>Azemi bin Haji Samsuri and A.G. Thomas</i>	147
Influence of <i>Hevea</i> Proteins and Amino-acids on Properties of Natural Rubber <i>Alias bin Othman and H. Hasma</i>	166
Recent Developments in Polymer Stabilisation by Network-bound Antidegradants <i>K.B. Chakraborty and R. Clay</i>	178
Discussion	194
SESSION 3. MODIFIED RUBBERS	
Production of Liquid Natural Rubber on a Pilot Scale <i>A.J. Lemoine</i>	199
Thermoplastic Natural Rubber, Performance and Applications <i>I.R. Gelling and A.J. Tinker</i>	212
Manufacture of Thermoplastic Natural Rubber in Sri Lanka <i>A. Coomarasamy, M. Nadarajah, J. Tayabally, H.N.K.K. Chandralal, M. Nilaweera and A. de Silva</i>	219
Discussion	237
SESSION 4. PROCESSING AND MANUFACTURE	
Direct Processing of Powdered Rubber on Injection Moulding Machines <i>G. Weyer</i>	243
Mixing of Natural Rubber with Carbon Black <i>Ong Eng Long</i>	264

	<i>Page</i>
Surface Treatment of Natural Rubber for Reduced Friction <i>T.C.Q. Noakes</i>	288
Use of Palm-based Metallic Soaps as Processing Aids in Rubber Compounding <i>Ibrahim bin Mohamed, Ong Eng Long and Hamirin bin Abd. Kifli</i>	306
Discussion	340
SESSION 5. TECHNOLOGY AND APPLICATIONS	
Influence of Compound Properties on Vulcanisate Properties of Black-filled Natural Rubber <i>Aris bin Ahmad, A.J. Tinker and G.M. Bristow</i>	345
Natural Rubber Bearings with Fabric Reinforcement <i>Kamaruddin Abd. Malek and M.J. Gregory</i>	356
Modified Rice Husks as Fillers in Natural Rubber <i>M. Nasir and M.H. Low</i>	370
Bacteriological Assessment of Natural Rubber Seals Used in Contact with Potable Water Supplies <i>Mohamad Siad Mahat and Maarof Zainal Abidin</i>	379
Analysis of Natural Rubber Vulcanisates: Significance of Industrial Trouble-shooting to the Malaysian Rubber Industry <i>M.J.R. Loadman</i>	387
Latex-based Cement for Tyre Retreading and Repair Industry <i>W.S.E. Fernando, B.P. Weeraratne, K.M.U. Mithrananda and P.P. Jayasinghe</i>	400
Discussion	411
SESSION 6. EPOXIDISED NATURAL RUBBER	
Chemistry, Structure and Properties of Epoxidised Natural Rubber <i>I.R. Gelling</i>	415
Enhancing Oil Resistance of Epoxidised Natural Rubber by Carboxylic Acid Modification <i>Loo Cheng Teik</i>	428
Evaluation of ENR 50 as a Footwear Adhesive <i>Maarof Zainal Abidin</i>	441

	<i>Page</i>
Evaluation of Epoxidised Natural Rubber Latices for Adhesives <i>Wong Sean Giap and Chen Seong Fong</i>	453
Discussion	463
SESSION 7. TYRES	
Recent Developments in Natural Rubber for Tyres <i>C.S.L. Baker, I.R. Gelling and I.R. Wallace</i>	467
Natural Rubber/Polybutadiene Blends in Truck Tyre Precured Retreading <i>Loh Pang Chai, Roland Newell, Sahrom Hasshim, See Toh Mook Sang and Sharif Othman</i>	492
Discussion	511
SESSION 8. GENERAL	
Development of the Rubber Industry in Taiwan, Republic of China <i>Peter T.K. Wu and Shen-Nan Tong</i>	515
Effluent from Rubber Glove Manufacturing <i>Zaid Isa and Ahmad Ibrahim</i>	518
Metathesis Degradation of Natural Rubber <i>Arisol Alimuniar, Mohd. Ambar Yarmo, Mohd. Zaki Abd. Rahman, Bohari Mohd. Yamın, Mohd. Nor Ibrahim and Kasamani Pardan</i>	534
Effects of Formulation Factors on Release Characteristics of Natural Rubber Coated Fertilisers <i>C.S. Yeoh and S.F. Chen</i>	541
Discussion	549
LIST OF PARTICIPANTS	551
AUTHOR INDEX	557
SUBJECT INDEX	561
