

CONTENTS

1. Measurement of pressure	1.
Pressure measurement balancing against	5
Other methods of measurement	55
2. Measurement of level	68
Direct methods	68
Pressure operated instruments	89
3. Measurement of flow	107
Quantity meters	108
Rate – of – flow meters	131
4. Measurement of temperature	228
Expansion thermometers	236
Change – of – state thermometers	257
Electrical methods	264
Radiation pyrometers	329
Appendix	350
Index	367
