

CONTENTS

**Part**

1. Solar energy : A context for its proper Use	1
2. Let the sun shine in : designing with the sun	29
3. Low impact technology solutions	80
4. Solar hot water	119
5. Systems for indirect Use of the sun's energy	125
Resource section Energy and solar energy phenomena	263
Appendixes Design information	327
Bibliography	359
Index	371
