PART 1

THE PARK PLANNING PROCESS	1
CHAPTER	
1. Park Planning: Part of the park Administration Processes	3
The Park Administration Processes	3
The Park Planning Process	8
Members of the Park planning Team	9
Roles of park Planning Team Individuals	12
Summary	12
Glossary of Terms	13
Bibliography	14
2. The Predesign Phase	16
Predesign Objective	16
Steps of the Predesign Phase	17
Summary	41
Glossary of Terms	42
Bibiography	43
3. The Design Phase	44
Design Objective	45
Steps of the design Phase	45
Summary	52
Glossary of Terms	52
Bibliography	53
4. The Development Phase	54
Preconstruction Doumentation	54
Competitive-Bid Construction Contracting	64
Project Construction	76
Summary	79
Glossary of Terms	80
Bibliography	82
5. Actualization	83
Actualization Overview	83
Key Park Planning Actualization Components	87
Summary	90
Glossary of Terms	90
Bibliography	90

PART 2

SUPPORT PROVISIONS	93
6. Circulation	95
Vehicular Circulation	95
Automobile Parking	95
Pedestrian Circulation	112
Summary	130
Glossary of Terms	130
Bibliography	131
7. Lighting	133
General planning considerations for Park Lighting	135
Lighting Systems	145
Artificial Lighting Components	147
Summary	155
Glossary of Terms	155
Bibliography	157
8. Water System	158
Planning Considerations for a Park Water System	159
User Considerations for Park Water Fixtures	173
Summary	177
Glossary of Terms	177
Bibliography	178
9. Wastewater	180
User Considerations of Park Wastewater Planing	181
Functional Considerations of Park Wastewater Planning	188
Summary	199
Glossary of Terms	203
Bibliography	203
10. Solid waste	205
Types of park Solid Waste	205
Park solid Waste Management Planning	210
Summary	252
Glossary of Terms	253
Bibliography	254
Index	407
