

CONTENTS

| | |
|--|----|
| Foreword | 7 |
| Preface | 8 |
| CHAPTER | |
| I The introduction of gelatin to the photographic process | 9 |
| II The structure and chemical composition of collagen and gelatin | 11 |
| III Raw material and manufacturing process | 21 |
| IV The physical properties of gelatin | 34 |
| V The chemical Properties of gelatin | 47 |
| VI The control of Physical and chemical properties by variations of manufacturing techniques | 55 |
| VII Process control and testing procedures | 60 |
| VIII The Replacement of Gelatin by synthetic polymers | 83 |
| Index | 87 |
